More specifically, Applicant proposes to amend Figs. 1, 4, 11A, and 11B to show the external or second antenna that was referred to in the original specification and claims but which was not shown in the drawings.

Because this external or second antenna was referred to in the original specification, for example, at page 2, line 4 and at page 19, line 18, it is respectfully submitted that this drawing change adds no new matter.

Upon approval of the herein-proposed drawing changes and the issuance of a Notice of Allowance, Applicant will promptly attend to correcting the formal drawings in accordance with present Office practices.

Respectfully submitted,
